Hello,

On behalf of Yarra Bicycle Users Group I am contacting Yarra Council to enquiry about the Darebin Creek trail, refer to Bicycle Victoria information here:

<http://www.bv.com.au/inform.php?a=7&b=174&c=1253>

What are CoY's plans concerning the proposed shared path connecting with the Yarra Trail and continuing through the Yarra area?

From cyclist's perspective, and indeed for all users of the proposed path, any linkage with the Darebin Creek trail is long overdue.

The Darebin Creek trail link would prove beneficial for commuter and recreational cyclists, as well as creating required community access through the north-east to the Collingwood Children's Farm, the Yarra area and Melbourne's bicycle path network.

I look forward to Yarra Councils response.

Yours sincerely,

Chris Star
Co-convenor - Yarra Bicycle Users Group
